Dear Sir

I was extremely delighted to receive your reply concerning my wish to pursue higher studies in your university. I am pleased to return to you my completed application form together with a Curriculum Vitae of my academic and work experience.

I hope that you will consent to register me for higher studies beginning in the autumn term 2021. Please send your acceptance to the address attached herewith so that I will be able to apply in good time to the British Embassy in Baghdad for the necessary entry visa.

Yours faithfully
