معرف الاوركيد:

دكتوراه في الهندسة الكهربائية والالكترونية ومدرس فيقسم هندسة الاتصالات / كلية لمنصور الجامعة

الخبرات

من تاريخ 2006 – لحد الان

العنوان الوظيفي، مدرس في قسم هندسة الاتصالات
كلية المنصور الجامعة

من تاريخ 2005 – الى 2006

العنوان الوظيفي، مدرس (محاضر خارجي)
كلية دجلة

من تاريخ 2004 - الى 2006

وزارة الصناعة والمعادن

خبير فني

من تاريخ 1996 – الى 2004

وزارة الصناعة والمعادن

مدير مصنع الزوراء

الشهادات الاكاديمية

- 1987-1990

PhD. - Digital Signal Processing

Electrical and Electronic Engineering Technical University College

Egypt – Cairo

- 1976 – 1978

MSc. - Digital Logic Communication

Electrical and Electronic Engineering University of Baghdad
Baghdad - Iraq

- 1968 – 1973

BSc. – Electronic and Communication Engineering

Electrical and Electronic Engineering University of Technology
Baghdad - Iraq

- 2012

Teaching Method Technique

University of Technology , Center for Continuing Education
Baghdad - Iraq

المهارات

- 1-رئيس عدة لجان مناقشات بين اساتذة عدة جامعات عراقية و القطاع الصناعي لتطوير القابلية العلمية للعاملين في القطاع الصناعي
- 2- الاشراف على تطوير عمل منظومة الملاحة الجوية في مطار بغداد الدولي
- 3-رئيس فريق عمل لتصليح الاجهزة الطبية المتطورة لوزارة الصحة

المؤلفات والبحوث المنشورة

- "performance analysis of voice over ip application using manet routing protocols", issn 2474-543x, international new arts and sciences research journal vol iii / usa, 2017
- "essential principles of electrical circuits", the ministry of education, and the general directorate of vocational education, computer and information technology branch (theoretical). first grade. baghdad 2012
- "essential principles of electrical circuits", the ministry of education, and the general directorate of vocational education, computer and information technology branch (practical). first grade. baghdad 2012
- "communication", the ministry of education, and the general directorate of vocational education, computer and information technology branch,

the jurisdiction of computer networks (theoretical). third grade. baghdad 2014

- *"communication applications", the ministry of education, and the general directorate of vocational education, computer and information technology branch, the jurisdiction of computer networks (practical). third grade. baghdad 2014*
- *communication system identification through adaptive modeling of the communication channel." proceedings on the 3rd conference on aeronautical sciences and aviation technology, 4-6 april 1989*
- *speech recognition of arabic utterances design, realization and evaluation of the performance of a speaker/ template classifier " , proceedings on the 3rd orma conference, cairo.*
- *statistical approach for authenticity- validation of synthesizer – model for linear prediction of arabic speech. "proceedings on the 3rd orma conference", cairo 28-30 nov, 1989.*
- *a methodology for inter leaving and identification of convolutional echoes embedded in signals, the 7th national radio science conference", cairo, 20-22 feb. 1990.*
- *application of zero – based techniques for the generation and automatic identification of communication signals," the 7th national radio science conference " , cairo, 20-22 feb. 1990.*
- *performance analysis of resource allocation of the bandwidth in ieee 802.16 e&m systems, international journal of innovative research in science, engineering and technology (ijirset), 2014*
- *performance analysis of routing protocols and tcp variants under http and ftp traffic in manets, international journal of computer networks & communications (ijcnc), 2014*
- *performance analysis of real and non-real time traffic under manet routing protocols, international journal of engineering development and research (ijedr), 2014*
- *translation of " electronic intelligence: the analysis of radar signals first edition (artech house radar library) hardcover – december 1, 1985 , by [richard g. wiley](#) (author)", training development , department directorate, a series of public military culture, iraq , baghdad ,jul. 1987*
- *preparation of " digital principles and applications " part one " numbers and logic circuit", training directorate , development directorate, a series of public military culture, iraq , baghdad , 1992*

- preparation of “ digital principles and applications, part two “registers and adc / dac circuits ”, 1992 , training directorate , development directorate , a series of public military culture, iraq , baghdad , 1992.
- a satellites and prospects of its development , journal of military science and technology, baghdad, 1986.
- protection tactical wireless communications in modern technologies, journal of military science and technology, baghdad, 1986.
- nuclear electromagnetic pulse threaten to paralyze electronic devices ,journal of military science and technology, baghdad, 1985.

الجوائز، التقديرات، وبراءات الاختراع ان وجدت

- 1- اكثر من 30 كتاب شكر وتقدير من وزارة الصناعة والمعادن
- 2- عدة كتب شكر من وزارة التربية
- 3- عدة كتب شكر من الجامعة التكنولوجية وجامعة ديالى
- 4- عدة كتب شكر من كلية المنصور الجامعة
